PROGRAMME OUTCOME:

Intellectual Property Rights are legal rights governing the use of creations of the human mind. The recognition and protection of these rights is of recent origin. Patents, designs and trademarks are considered as industrial property.

As per International Convention for the protection of industrial (Paris Convention) the protection of industrial property has its object patents, utility models, industrial designs, trademarks, service marks, tradenames, indications of source or appellations or origin and the repression of unfair competition when copyrights, Geographical indicators, layout Designs and confidential information were included to industrial property, they all become intellectual property.

Dr. Mahajan expressed his views on Intellectual Property Rights. Teachers understood easily rather new concept of IPR in education sector. In an easy way, he threw light on the patents, research etc. work in the field of higher education. He also talked about Cyber Crime and the Plagiarism in the research area. Teachers had good discussion on the topic and got their doubts cleared.
